COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

Applicants gratefully note the allowance of Claims 1-27 and 29-38.

Reasons for allowance are only warranted in instances in which "the record of the prosecution as a whole does not make clear [the Examiner's] reasons for allowing a claim or claims." 37 C.F.R. 1.104(e). In the present case, Applicants believe the record as a whole does make clear the reasons for allowance and therefore no statement by the Examiner is necessary or warranted. Furthermore, Applicants do not necessarily agree with each statement in the reasons for allowance. While Applicants believe the claims are allowable, Applicants do not acquiesce that patentability resides solely in the

specific feature or combination of features identified, or that each feature or combination of features identified is required for patentability, or that equivalents of any of the recited features are outside the scope of the claims. Moreover, to the extent the Reasons For Allowance appear directed to independent Claim 37 and do not separately address the additional subject matter of Claims 1-27, 29-36 and 38, Applicants do not acquiesce to any inference that these claims do not present patentable subject independent of the patentability of Claim 37.

Respectfully submitted,

Dated: December 22, 2003
